

LOOPER:MODE Launchpad MK2 Installation

To install LOOPER:MODE on your Launchpad MK2:

- Copy the Script folders “LOOPER_MODE_Launchpad_MK2” to your clipboard by right-clicking on it and choosing Copy.
- You will have to paste them into Ableton Live's MIDI Remote Scripts folder, as described below.

In Live 10.1.3 and above:

Create a folder named “Remote Scripts” in your User Library. Copy the folders into this folder.

Up to version 10.1.2:

Mac OS X

Open your Applications folder and right-click the Live application symbol. In the context menu, click on Show Package Contents.

In the Ableton Live package, navigate to Contents > App-Resources > MIDI Remote Scripts. Paste the folder you have copied to your clipboard into the "MIDI Remote Scripts" folder.

Windows

Go to Ableton Live's installation directory. By default, it is located here:

C: > Program Data > Ableton > Live 10 > Resources > MIDI Remote Scripts

Note: The Program Data folder may be hidden.

Paste the folder you have copied to your clipboard into the "MIDI Remote Scripts" folder.

- Re-launch Live
- In Live's Preferences, go to the Link/MIDI Tab and in the Control Surface area and instead of the original Launchpad MK2 Control Surface script, set the following :

Control Surface: **LOOPER MODE Launchpad MK2**

Input: Launchpad MK2

Output: Launchpad MK2

To activate SONG:LOOPER:MODE on the Launchpad MK2, press **the User 2 button**.
