

## SONG:MODE 2.0 Launchpad Push (original) Installation

### To install SONG:MODE on your Push:

- Copy the Script folders “Song\_Mode\_Push” to your clipboard by right-clicking on it and choosing Copy.
- You will have to paste them into Ableton Live's MIDI Remote Scripts folder, as described below.

#### **In Live 10.1.3 and above:**

Create a folder named “Remote Scripts” in your User Library. Copy the folders into this folder.

#### **Up to version 10.1.2:**

##### *Mac OS X*

Open your Applications folder and right-click the Live application symbol. In the context menu, click on Show Package Contents.

In the Ableton Live package, navigate to Contents > App-Resources > MIDI Remote Scripts.

Paste the folder you have copied to your clipboard into the "MIDI Remote Scripts" folder.

##### *Windows*

Go to Ableton Live's installation directory. By default, it is located here:

C: > Program Data > Ableton > Live 10 > Resources > MIDI Remote Scripts

Note: The Program Data folder may be hidden.

Paste the folder you have copied to your clipboard into the "MIDI Remote Scripts" folder.

- Re-launch Live
- In Live's Preferences, go to the Link/MIDI Tab, Control Surface, and on an empty line set the following :

##### *Mac OS X*

Control Surface: **Song Mode Push**

Input: Ableton Push (User Port)

Output: Ableton Push (User Port)

##### *Windows*

Control Surface: **Song Mode Push**

Input: Ableton Push (Port 2)

Output: Ableton Push (Port 2)

To activate SONG:MODE on the Push, press **the User button**.
